

# meeting papers & materials

## **important information about the papers, slides and presentations for the 2008 mid-winter institute program**

- **where are they?**

Before the meeting, all materials submitted in advance are posted on the AIPLA website. The link is available on the Meeting Homepage ([www.aipla.org](http://www.aipla.org)). At the meeting, they are available to download or print in the Technology Center (Frank Lloyd Wright Ballroom Foyer) in addition to being available online.

- **how do I access them?**

- 1) Register for the meeting
- 2) As a registrant, once the papers are available for you to access, you will receive an email notification from AIPLA
- 3) Go to AIPLA's website at [www.aipla.org](http://www.aipla.org) and log-in
- 4) Go to the 2008 Mid-Winter Institute home page
- 5) Click on the "Meeting Papers" link. (Because these materials are for registered participants only, this will only work if you are logged into the website and are registered for the meeting).

- **where's my CD-ROM?**

Because we now post the papers online, we no longer produce a CD-ROM in advance of the program.

On-site, we gather all of the updated and previously unsubmitted papers and presentations, combine them with the audio recording of each session and include them in a comprehensive POST-meeting CD-ROM. When the POST-meeting CD-ROM is compiled, it will be sent to every meeting registrant.

No more waiting for CD-ROM's or bulky binders full of paper! Get the presentations now! You can take what you need with you for notes and keep the rest on disk for later! Its that simple!
