## Seaside Adventures - La Jolla

All inclusive fee: \$ 87.00

Time: 9:00 am – 1:00 pm

\*Please inquire about reduced rates for Children between the ages of 5 to 15.

Today, you will explore the beauty of La Jolla – You will start the morning at the 'Cave Store'; here you can purchase fun souvenirs that are unique to La Jolla and the caves. Then take a special walk down and thru the caves below. Over 100 years old, this is one of the most historic attractions to visit while in beautiful La Jolla and is the only La Jolla Sea Cave that is accessible by land. Following the cave walk, your seaside adventure will start at a scenic lookout point with a naturalist from the Scripps Institution of Oceanography. Breathe the healthy salt air and enjoy nature as our marine biology expert lovingly details the history of La Jolla, complete with anecdotes, and provides information on the many birds, plants, and geologic formations along the beach walk.

Along the way, you might also have a chance to view some of La Jolla's furriest locals – seals! These endearing mammals are dotted along the coastline, especially near the Children's Pool, a shallow tide-pool popular with the locals that the seals have claimed as their own.

After the tour, you will have the opportunity to visit some of Prospect Street's famous art galleries. The galleries showcase various artists, both locally and worldwide. You will also have a chance to shop along the boutique filled streets, and admire the gorgeous cliff views. The town is an exquisite combination of a southern European resort atmosphere and Southern California fun, making it one of San Diego's most popular places to visit!
