AIPLA Members and Friends:
In a fast-changing world where technologies have followed suit, IP professionals face the challenge of understanding the technologies and acquiring the right tools to protect the innovations. During this 2.5-day intensive learning program get out of your comfort zone and join us in a deep dive in the desert where some of the most important and interesting frontiers in cutting-edge technologies will be explored. Choose your tracks and be part of an all-around discussion on innovations related to Climate Change, Therapeutics, Cybersecurity, Open Radio Access Networks (Open RAN) and Non-Fungible Tokens.

We are also honored to have Mr. Antonio Campinos, President of the European Patent Office, as the plenary speaker. This is a not to be missed opportunity as the Unified Patent Court (UPC) is scheduled to finally become a reality in the second quarter of 2022. Following the plenary talk, there will be two deep dive tracks focusing on the details, rules and strategies of the new European system.

We are also pleased that the Honorable Judge Mark Scarsi, U.S. District Court Judge for the Central District of California, will be a luncheon keynote speaker. Judge Scarsi practiced intellectual property law prior to joining the bench and we look forward to a fascinating talk.

In addition to these engaging speakers and the opportunity to understand a number of emerging technologies, the deep dive in the desert also includes a closing plenary session covering recent developments in anti-trust, copyright, patent, trade marks and trade secrets – and of course an hour of ethics CLE focused on intellectual property issues.

Our Institute will not only provide exceptional speakers on substantive, timely issues facing our profession, but will also deliver practical insights to guide professional development for seasoned practitioners as well as newly minted agents and attorneys. It will also include plenty of events and opportunities to network with fellow IP practitioners.

We hope you can join us and bring someone new. AIPLA continues to offer special group pricing, incentives for corporate members, attendance packages, and the like. Please contact AIPLA headquarters to receive more information on these opportunities.

We are excited to be meeting in beautiful Palm Desert, California. We look forward to you joining us to meet fellow practitioners and reconnect with colleagues and friends. See you there!
