AIPLA Members and Friends:

The only way that we can live, is if we grow. The only way that we can grow is if we change. The only way that we can change is if we learn. The only way we can learn is if we are exposed. And the only way that we can become exposed is if we throw ourselves out into the open. Do it. Throw yourself.

- C. JoyBell C.

As we emerge from the isolation of COVID, it's time to throw ourselves into an environment of learning, comradery, and fun. Let's meet in New Orleans on May 17th-19th, to discuss the world of intellectual property, and have fun while we're doing it.

We have seen many changes over the last few years. We work "remotely," even while craving the dynamic interactions of being "in-person." We now collaborate while we sit in our living rooms as our office leases call us back to the office.

While in New Orleans, we will explore how agreements work in a remote environment. We will look at the challenges of the invention disclosure and mining process when connected only by the electronic threads of the internet. We will discuss the ethical challenges of working in virtual offices, and the dynamics of virtual communities. We will discuss and debate adapting management paradigms in the emerging virtual world. We will also look at how evolving work environments affect mental health, productivity, and work/life balance.

From soup-to-nuts or, better yet, beignets-to-etoufee with a Banana's Foster finish, we will explore everything from disclosing inventions in the global environment, amendment practice at the USPTO and EPO, finding appropriate technology specific patent language, and learning about the dynamic tension between trade secrets and open disclosures.

New Orleans will be the backdrop for an ITC Primer that includes an overview of Section 337 Investigations, differences between ITC and district court lawsuits, and the latest trends in ITC litigation. We will discuss avoiding conflicts created when prosecuting around the world and how to navigate the sometime competing interests between things like design patents and copyrights. We will look at the dilution of trademarks, best practices, and the use of experts in trademark litigation. We will also discuss IP litigation of global portfolios and best practices for cross-border discovery and the challenges of different customs systems.

And, to address our collective future, we will look at the intersection between IP and the "green" future. We will look at going green, such as the WIPO's Green Initiative to enhance technology transfer and how it affects IP practices, prosecution, and litigation. A featured speaker – Michael Hecht, President & CEO of GNO, Inc. -- will discuss H2theFuture, a strategy for clean hydrogen development in the South Louisiana industry corridor.

The principles taught will greatly help those advanced chemical/pharma patent practitioners involved with prelitigations, portfolio management, litigations, Orange Book listings, Purple Book/BCPIA, regulatory practice, due diligences, health checks, and analysis of third-party patents for validity/patentability, infringement, and enforceability issues, as well as for preparing IPR and/or PGR petitions and defending the patent against them.

If you submit a registration via fax with credit card payment, do not send a "confirmation copy" via mail as it may be processed twice, and you may be billed twice. If you are paying by check, please mail your registration. You may fax 703-415-0786 a copy of your check and registration to account for possible foreign mail delay. Payment for meeting registration must be in US currency.

3. Spouses or Accompanying Guests Must Register.

Guests over 18 pay a guest fee of \$150. There are many opportunities for your spouse or guest to join you throughout the meeting, as well as network with and get to know the other spouses and guests attending the meeting. The Guest fees include a guest badge and access to all unticketed events, including: the continental breakfasts, luncheon receptions and morning and afternoon breaks. This fee is intended for spouses and guests attending the Spring Meeting who are not eligible for AIPLA membership or who would not otherwise attend the meeting for CLE purposes. This guest fee is not available in lieu of paying the registration

fee for vendors requesting more than the allotted number of exhibitor badges.

4. Purchasing Event Tickets On-Site:

Events may sell out. Tickets on-site are sold on an "as available" basis. Tickets will be collected at all food functions and the spouse/guest tours.

If you do not arrive at the event within the first 30 minutes of the start time of the event, you are not guaranteed a seat.

5. Returned Check and Credit Card Fees:

Registrations received that result in a returned check or contain incomplete credit card information, including omitted signature, omitted expiration date, wrong number sequences, etc., will be charged a \$35 fee for each instance.

6. Cancellation:
