Patent application amendment/argument, relatively complex, electrical computer, where foreign counsel or the client provides detailed response instructions (Preparation and Filing) (Q43i).................................................................................................................. I-121
Patent application amendment/argument, relatively complex, mechanical, where foreign counsel or the client provides detailed response instructions (Preparation and Filing) (Q43j).................................................................................................................. I-122

Filing US Applications Abroad
Top Countries for US Applications Entering Foreign National Phase (Q44a).................................................................................................................. I-123
Top Countries for US Applications Directly Filed with Foreign Office (Q44b).................................................................................................................. I-124

Filing US Applications Abroad – Europe (EPO) by Location
Filing US origin utility patent application in foreign office, received ready for filing with formal papers, assignment, and priority documents (Q44a).................................................................................................................. I-125
Entering National Stage in foreign Receiving Office from US origin PCT application (Q44b).................................................................................................................. I-125
Paying an annuity or maintenance fee (Q44c).................................................................................................................. I-125
Patent application amendment/argument of minimal complexity, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44d).................................................................................................................. I-126
Patent application amendment/argument, relatively complex, biotechnology/chemical, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44e).................................................................................................................. I-126
Patent application amendment/argument, relatively complex, electrical computer, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44f).................................................................................................................. I-127
Patent application amendment/argument, relatively complex, mechanical, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44g).................................................................................................................. I-127

Filing US Applications Abroad – Europe (EPO) by Type of Practice
Filing US origin utility patent application in foreign office, received ready for filing with formal papers, assignment, and priority documents (Q44a).................................................................................................................. I-128
Entering National Stage in foreign Receiving Office from US origin PCT application (Q44b).................................................................................................................. I-128
Paying an annuity or maintenance fee (Q44c).................................................................................................................. I-128
Patent application amendment/argument of minimal complexity, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44d).................................................................................................................. I-129
Patent application amendment/argument, relatively complex, biotechnology/chemical, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44e).................................................................................................................. I-129
Patent application amendment/argument, relatively complex, electrical computer, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44f).................................................................................................................. I-129
Patent application amendment/argument, relatively complex, mechanical, where US counsel or the client provides foreign counsel with detailed response instructions (Preparation and Filing) (Q44g).................................................................................................................. I-130

Total Costs of Litigation ................................................................................................................................. I-141

Litigation-Patent Infringement, All Varieties by Location
Less than $1M at risk– initial case management (Q47Aa) ........................................................................... I-141
Less than $1M at risk– inclusive of discovery, motions, and claim construction (Q47Ab) ....................... I-141
Less than $1M at risk– inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ac) ... I-141
Less than $1M at risk– Cost of mediation (Q47Ad) .................................................................................... I-142
$1-$10M at risk– Initial case management (Q47Ae) ..................................................................................... I-142
$1-$10M at risk– Inclusive of discovery, motions, and claim construction (Q47Af) ................................... I-142
$1-$10M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ag) ............... I-143
$1-$10M at risk– Cost of mediation (Q47Ah) ............................................................................................. I-143
$10-$25M at risk– Initial case management (Q47Ai) ..................................................................................... I-144
$10-$25M at risk– Inclusive of discovery, motions, and claim construction (Q47Aj) .............................. I-144
$10-$25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ak) ............... I-144
$10-$25M at risk– Cost of mediation (Q47Al) ............................................................................................ I-144
Greater than $25M at risk– Initial case management (Q47Am) ................................................................ I-145
Greater than $25M at risk– Inclusive of discovery, motions, and claim construction (Q47An) ............... I-145
Greater than $25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ao) I-145
Greater than $25M at risk– Cost of mediation (Q47Ap) ............................................................................. I-146

Litigation-Patent Infringement, All Varieties by Type of Practice
Less than $1M at risk– initial case management (Q47Aa) ........................................................................... I-147
Less than $1M at risk– inclusive of discovery, motions, and claim construction (Q47Ab) ....................... I-147
Less than $1M at risk– inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ac) ... I-147
Less than $1M at risk– Cost of mediation (Q47Ad) .................................................................................... I-148
$1-$10M at risk– Initial case management (Q47Ae) ..................................................................................... I-148
$1-$10M at risk– Inclusive of discovery, motions, and claim construction (Q47Af) ................................... I-148
$1-$10M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ag) ............... I-149
$1-$10M at risk– Cost of mediation (Q47Ah) ............................................................................................. I-149
$10-$25M at risk– Initial case management (Q47Ai) ..................................................................................... I-149
$10-$25M at risk– Inclusive of discovery, motions, and claim construction (Q47Aj) .............................. I-150
$10-$25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ak) ............... I-150
$10-$25M at risk– Cost of mediation (Q47Al) ............................................................................................ I-150
Greater than $25M at risk– Initial case management (Q47Am) ................................................................ I-151
Greater than $25M at risk– Inclusive of discovery, motions, and claim construction (Q47An) .......... I-151
Greater than $25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ao) ............................................. I-151
Greater than $25M at risk– Cost of mediation (Q47Ap) ................................................................................................................ I-152

**Litigation-Patent Infringement, Hatch-Waxman Act by Type of Practice**

Less than $1M at risk–Initial case management (Q47Ba) ........................................................................................................ I-153
Less than $1M at risk–Inclusive of discovery, motions, and claim construction (Q47Bb) ................................................................. I-153
Less than $1M at risk–Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Bc) .................................................. I-153
Less than $1M at risk–Cost of mediation (Q47Bd) ......................................................................................................................... I-154
$1-$10M at risk– Initial case management (Q47Be) ......................................................................................................................... I-154
$1-$10M at risk– Inclusive of discovery, motions, and claim construction (Q47Bf) ........................................................................... I-154
$1-$10M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Bg) .......................................................... I-155
$1-$10M at risk– Cost of mediation (Q47Bh) ........................................................................................................................................ I-155
$10-$25M at risk– Initial case management (Q47Bi) ......................................................................................................................... I-155
$10-$25M at risk– Inclusive of discovery, motions, and claim construction (Q47Bj) ........................................................................... I-155
$10-$25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Bk) .......................................................... I-156
$10-$25M at risk– Cost of mediation (Q47Bm) ........................................................................................................................................ I-156
Greater than $25M at risk– Initial case management (Q47Bm) ........................................................................................................ I-156
Greater than $25M at risk– Inclusive of discovery, motions, and claim construction (Q47Bn) .......................................................... I-157
Greater than $25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Bo) ........................................... I-157
Greater than $25M at risk– Cost of mediation (Q47Bp) ..................................................................................................................... I-158

**Litigation-Defending Claims of Patent Infringement by Non-Practicing Entity by Location**

Less than $1M at risk–Initial case management (Q47Ca) ........................................................................................................ I-159
Less than $1M at risk–Inclusive of discovery, motions, and claim construction (Q47Cb) ................................................................. I-159
Less than $1M at risk–Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Cc) .................................................. I-159
Less than $1M at risk–Cost of mediation (Q47Cd) ......................................................................................................................... I-160
$1-$10M at risk– Initial case management (Q47Ce) ......................................................................................................................... I-160
$1-$10M at risk– Inclusive of discovery, motions, and claim construction (Q47Cf) ........................................................................... I-160
$1-$10M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Cg) .......................................................... I-161
$1-$10M at risk– Cost of mediation (Q47Ch) ........................................................................................................................................ I-161
$10-$25M at risk– Initial case management (Q47Ci) ......................................................................................................................... I-161
$10-$25M at risk– Inclusive of discovery, motions, and claim construction (Q47Cj) ........................................................................... I-162
$10-$25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ck) .......................................................... I-162
$10-$25M at risk– Cost of mediation (Q47Cm) ........................................................................................................................................ I-162
Greater than $25M at risk– Initial case management (Q47Cm) ........................................................................................................ I-163
Greater than $25M at risk– Inclusive of discovery, motions, and claim construction (Q47Cn) .......................................................... I-163
Greater than $25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Co) ........................................... I-163
Greater than $25M at risk– Cost of mediation (Q47Cp) ..................................................................................................................... I-164

**Litigation-Defending Claims of Patent Infringement by Non-Practicing Entity by Type of Practice**

Less than $1M at risk–Initial case management (Q47Ca) ........................................................................................................ I-165
Less than $1M at risk–Inclusive of discovery, motions, and claim construction (Q47Cb) ................................................................. I-165
Less than $1M at risk–Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Cc) .................................................. I-165
Less than $1M at risk–Cost of mediation (Q47Cd) ......................................................................................................................... I-166
$1-$10M at risk– Initial case management (Q47Ce) ......................................................................................................................... I-166
$1-$10M at risk– Inclusive of discovery, motions, and claim construction (Q47Cf) ........................................................................... I-166
$1-$10M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Cg) .......................................................... I-167
$1-$10M at risk– Cost of mediation (Q47Ch) ........................................................................................................................................ I-167
$10-$25M at risk– Initial case management (Q47Ci) ......................................................................................................................... I-167
$10-$25M at risk– Inclusive of discovery, motions, and claim construction (Q47Cj) ........................................................................... I-168
$10-$25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Ck) .......................................................... I-168
$10-$25M at risk– Cost of mediation (Q47Cm) ........................................................................................................................................ I-168
Greater than $25M at risk– Initial case management (Q47Cm) ........................................................................................................ I-169
Greater than $25M at risk– Inclusive of discovery, motions, and claim construction (Q47Cn) .......................................................... I-169
Greater than $25M at risk– Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Co) ........................................... I-169
Greater than $25M at risk– Cost of mediation (Q47Cp) ..................................................................................................................... I-170

**Litigation-Section 337 Patent Infringement by Type of Practice**

Less than $1M at risk–Initial case management (Q47Da) ........................................................................................................ I-171
Less than $1M at risk–Inclusive of discovery, motions, and claim construction (Q47Db) ................................................................. I-171
Less than $1M at risk–Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Dc) .................................................. I-171
Less than $1M at risk–Cost of mediation (Q47Dd) ......................................................................................................................... I-172
$1-$10M at risk—Initial case management (Q47De) .......................................................... I-172
$1-$10M at risk—Inclusive of discovery, motions, and claim construction (Q47Df) ................. I-172
$1-$10M at risk—Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Dg) ........................................................................................................ I-173
$1-$10M at risk—Cost of mediation (Q47Dh) ........................................................................ I-173
$10-$25M at risk—Initial case management (Q47Di). ............................................................ I-173
$10-$25M at risk—Inclusive of discovery, motions, and claim construction (Q47Dj) .............. I-174
$10-$25M at risk—Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Dk) ........................................................................................................ I-174
$10-$25M at risk—Cost of mediation (Q47Dl) ........................................................................ I-174
Greater than $25M at risk—Initial case management (Q47Dm) ............................................. I-175
Greater than $25M at risk—Inclusive of discovery, motions, and claim construction (Q47Dn) ........................................................................................................ I-175
Greater than $25M at risk—Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q47Do) ................................................................. I-175
Greater than $25M at risk—Cost of mediation (Q47Dp) ......................................................... I-176

Patent Infringement
Correlation between the amount at risk and the overall attorney hours required to litigate (Q47E) ................................................................................................. I-177
Total cost of asserting compared to total cost of defending (Q47F) ........................................... I-178
Cost of asserting as percent of cost of defending (Q47Fx) .................................................... I-178

Post-Grant Proceedings: Covered Business Method (CBM) Review by Location
Through filing petition (Q48i) .................................................................................................. I-179
Through end of motion practice (Q48ii) ................................................................................ I-179
Through PTAB hearing (Q48iii) ........................................................................................... I-179
Through appeal (Q48iv) ....................................................................................................... I-180

Post-Grant Proceedings: Covered Business Method (CBM) Review by Type of Practice
Through filing petition (Q48i) .................................................................................................. I-181
Through end of motion practice (Q48ii) ................................................................................ I-181
Through PTAB hearing (Q48iii) ........................................................................................... I-181
Through appeal (Q48iv) ....................................................................................................... I-182

Post-Grant Proceedings: PGR/IPR—Electrical/Computer by Location
Through filing petition (Q48i) .................................................................................................. I-183
Through end of motion practice (Q48ii) ................................................................................ I-183
Through PTAB hearing (Q48iii) ........................................................................................... I-183
Through appeal (Q48iv) ....................................................................................................... I-184

Post-Grant Proceedings: PGR/IPR—Electrical/Computer by Type of Practice
Through filing petition (Q48i) .................................................................................................. I-185
Through end of motion practice (Q48ii) ................................................................................ I-185
Through PTAB hearing (Q48iii) ........................................................................................... I-185
Through appeal (Q48iv) ....................................................................................................... I-185

Post-Grant Proceedings: PGR/IPR—Mechanical by Location
Through filing petition (Q48i) .................................................................................................. I-187
Through end of motion practice (Q48ii) ................................................................................ I-187
Through PTAB hearing (Q48iii) ........................................................................................... I-187
Through appeal (Q48iv) ....................................................................................................... I-188

Post-Grant Proceedings: PGR/IPR—Mechanical by Type of Practice
Through filing petition (Q48i) .................................................................................................. I-189
Through end of motion practice (Q48ii) ................................................................................ I-189
Through PTAB hearing (Q48iii) ........................................................................................... I-189
Through appeal (Q48iv) ....................................................................................................... I-190

Post-Grant Proceedings
Total cost of filing a petition compared to total cost of defending (Q48B) ................................ I-191
Cost of filing as percent of cost of defending (Q48Bx) ......................................................... I-191

Litigation-Trademark Infringement by Location
Less than $1M at risk—Initial case management (Q49Aa) ..................................................... I-192
Less than $1M at risk—Inclusive of discovery, motions, and claim construction (Q49Ab) ........ I-192
Less than $1M at risk—Inclusive of pre-trial, trial, post-trial, and appeal (when applicable) (Q49Ac) ............................................................................................. I-192
